

TASK OVERVIEW

TASK	Bitmap	Pattern	Select
Task directory	d:\bitmap	d:\pattern	d:\select
Input file	bitmap.in	pattern.in	none
Output file	bitmap.out	pattern.out	none
Library files for FreePascal	none	none	query.ppw, query.ow
Library files for C/C++	none	none	query.h, query.o
Time limit per test case	10 second	7 second	1 second
Memory limit	32MB	32MB	32MB
Maximum source code size	1MB	1MB	1MB
Compiler options for C and C++	-O2 -static	-O2 -static	-O2 -static query.o
Compiler options for FreePascal	-So -O2 -XS	-So -O2 -XS	-So -O2 -XS
Subtasks	2	1	1
Number of test cases	10	10	13
Maximum points per test case	10	10+5	3-14, test case dependent
Partial score	No	Yes	Yes
Maximum total points	100	100+50	100

Messages of the library query:

Illegal dialog. Size must be called first
Value out of range
Your Answer: x, Correct
Your Answer: x, Not Correct
Non-Majority Group
Majority Group
Number of Queries
Maximum Possible Score
Your Score

Extension to the Competition Rules for C/C++ programmers:

Include the following in your source code: `#include <stdlib.h>`
Your program must return with exit code 0.
